

PAOLO PAGANELLI

graduated in Electronic Engineering at the University of Bologna in 1991. He was a research assistant at the University of Modena till 1993 and then worked for different ICT and consulting companies providing software tools for logistics and supply chain management. He has been involved in European Commission research programmes for over 15 years, leading projects on ICT-based innovations for logistics and other industrial sectors. In 2001 he became product manager of Gruppo Formula supply chain management solutions. From 2006 to 2009 he has been Insiel's head of Logistics Solutions, and on 2010 has started his own innovation consulting company, Bluegreen Strategy. Paolo was coordinator of the EURIDICE Integrated Project and the Logistics for LIFE Coordination Action.
