

## **Jan Tore Pedersen**

is owner and Managing Director of Marlo a.s.. He holds an MSc in Control engineering and a PhD in manufacturing from the Norwegian University of Science and Technology (NTNU) and an MSc in Computer Science from University of California at Santa Barbara.

His experience includes 30 years of business and technology development of advanced software systems (The Kongsberg Group), and business- and technology development in the maritime sector (The Kvaerner Group), including an integrated system for ships covering all onboard control and navigation capabilities.

Since the mid 1990-ies, Dr Pedersen has been active in EU and national projects for development of innovative logistics solutions and related information technologies.

Dr. Pedersen was the founder of Logit Systems a.s and the Chairman of the board from 2000 until 2006. He retired this position after the company was awarded a significant contract by Qatar Gas and Ras Gas in Qatar. From 1995 to 1998, Dr Pedersen held a part-time position as professor at the Technical University of Norway in the field of mechatronics. From October 2009 until September 2011 he was an adjunct professor in logistics at the BI Norwegian Business School.

Marlo was established in 2006 with headquarter in Norway. In addition, Marlo has operations in Germany and Portugal. Partners and clients include some of the leading shippers and logistics service providers in Europe.
